

## MISSION

The Diabetes Foundation’s mission is to improve the health and wellness of individuals living with or at-risk of diabetes through equitable, accessible, compassionate, high-quality care. We have been offering free programs for 33 years helping tens of thousands of children and adults with and without insurance, at risk and living with type 1, type 2, gestational and prediabetes, to obtain access to necessary solutions to manage diabetes. Our work results in better health for individuals and is changing the health landscape of communities by supporting this devastating public health crisis.

## PROGRAMS

### MEDICATION, SUPPLY AND A1C ASSISTANCE

Offers emergency free short-term supply of insulin, diabetes supplies, and services to those in need.

### EDUCATION

Online and in the community our accredited education empowers people to navigate self-management decisions and activities.

### GUIDANCE

Compassionate, customized solutions to attain care from a one-to-one personal guide.

### SOCIAL SUPPORT

Online and in person peer-to-peer support groups dedicated to sharing and support.

## 2021-22 IMPACT HIGHLIGHTS

peer support  
programs

## PLEASE HELP

### ADVOCATE

Lend your voice and join us in advocating for diabetes screenings, self-management and funding to help your neighbors in need.

### MAKE A GIFT

\$16 can provide a day or insulin and \$13 an education workshop. Together let’s make a life changing difference in peoples lives.
